FUTUREPRENEUR
IS YOU
Every year, we admit around 900 high-caliber full time undergraduate students and host around 400 incoming exchange students from around the world.

If you have a strong interest in a specific area of business at the point of admission, you may apply to the program directly (i.e. Program-based admission). You can also choose your major by the middle of second year after exploring various business disciplines through applying to our School-based admission route – Business and Management. Program-based applicants are strongly encouraged to include Business and Management in their application for concurrent consideration to maximize the chance for admission.
