HKUST BUSINESS YOUNGSTARS 2024

Application Now Open!

+852 2358-6005  bmstars@ust.hk

Undergraduate
HKUST Business YoungStars (BYS) is a one-year program designed for students to explore and experience a full spectrum of business education and university life.

In addition to a series of exciting learning and networking activities starting next January, BYS members will be able to meet current HKUST business students who will share their personal experience in going through public exams and university studies. The program can facilitate the participants in making a well-informed decision when considering business studies as one of their options for further education. BYS members with outstanding participation will be given priority to join exclusive activities organized by our School.
What Our Past Participants Think

Indicated that they have learnt more about HKUST

85% think that they have gained better understanding on different business areas

Were satisfied with the program
