PROS AND CONS

FALL EXCHANGE

Pros  
» Less Competition

Cons  
» For 3rd year Fall exchange, most students do not know major when applying
» Thus, difficult to select a school that has credit transfer
» For 4th year Fall exchange, it is final year, some students prefer to stay in Hong Kong for job recruitment

SPRING EXCHANGE

Pros  
» Students know first major already when applying
» Will have more information for credit transfer
» Allow time for job recruitments in the final year after exchange
» Easter holidays and summer trips

Cons  
» Popular semester, more competition
Scoring on any particular applicant is confidential and will not be disclosed to students.

Students will only be allocated universities within their list of choices, except in the Clearing Round.

Once the exchange result is released, no changes will be considered at the request of a student.

The host university has final authority on accepting students. Rejected nominations will not be placed at another university.

SBM reserved the right for final selection of students and can rescind exchange offers.

Students cannot contact host universities during the application/selection process.

When circumstances arise that compromise an exchange program, HKUST may make the decision to suspend a program. This could occur before the start or during the program. Students must abide by the advising/instructions set forth from HKUST.
Students must attend the **ORIENTATION** organized by the host institution. Students who skip the orientation will be immediately **withdrawn** from exchange.

Students with misconduct or other sanctions at the time of application are not eligible to apply for SBM regular exchange in the affected semester(s). Only students meeting the CGA requirement with no misconduct or other sanctions, who have officially applied for exchange or students who have exchange specified in their programs, will be short-listed for interviews.

Cannot join any virtual study program concurrently during exchange semester or during study leave.

Read carefully: **General Exchange Guidelines** [link]
The COVID-19 pandemic continues to impact global mobility and changes can occur rapidly. Therefore, HKUST’s mobility programs are subject to changes based on prevailing global/local health and travel advisories. In addition, participating students are required to abide by University’s decisions. We appreciate students’ patience and understanding under the current situation.

The University is requiring mandatory completion of a full dose of COVID-19 vaccination and meeting the requirements of the HKSAR Vaccine Pass for participation in the outbound exchange program.
